Toolstation League/Wiltshire FA/Football Foundation

To whom it may concern

I am writing to you all to sign the praises of Sports Lighting (Kim and James Prestwood) and their team for the way they supported Devizes Town FC in their requirements of new installation of floodlight heads and major refurbishment of our floodlights to play football at our level and be able to enter FA Competitions

I felt from the very first contact with them on the telephone and our negotiations they understood our needs and budget I felt confident you would get the job done by Sports Lighting we did have other quotes for the work but we try to be fair and quote like for like but this wasn't apparent to other companies so we went with Kim Prestwood

Kim drove up from Devon to carry out a site survey prior to his quotation and kept both myself and the chairman involved with his suggestions, his team were great and worked well together late into the night to ensure we would be able to pass the lux test. We had to get an independent company to carry out the lux test (Andy Hawkins Dartmouth) and we passed the test with flying colours which again was down to the installation quality from Sports Lighting it was their attention to detail that impressed us the most and new innovations to make it better for the club were appreciated and included in the cost of the work.

The knowledge, helpfulness of all staff was exactly what we needed, and I and the chairman would highly recommend Kim Prestwood to any club or league for a first class service and company to deal with before, during and after the test

The Toolstation League, Wiltshire FA and Football Foundation would do well to have Sports Lighting as a business partner hopefully now and for many seasons to come

If you would like to put anybody in touch for a personal testimonial of Sports Lighting and Kim Prestwood please do so

Thanks for reading this testimonial of Sports Lighting

Yours in Sport

Neil Fautley
