STOKE SUB HAMDON TRAINING AREA FLOODLIGHTING PROJECT

Thank you so much for all your help with this project. It is very reassuring to meet a team that does exactly what it says on the tin and this has been the case with you from the outset.

I would particularly like to thank you for all your help getting together the information requested by District Council in order to get us through the planning process and the associated conditions.

The floodlights look good and do exactly what we want from them. The feedback from the footballers is very positive, and Neil, who is the football team's representative on the Trust, said it was an excellent result and felt like getting his boots out again.

It has been a pleasure to work with you and all your team who worked on this project and brought it to a successful conclusion, on time and in budget.

Kind regards,

Peter Hulett
