Monday 8<sup>th</sup> March 2021

Dear Mr.Prestwood,

I am writing to you to pass on the comments made by our Chairman Barry Yelland with regards to the work carried out by your company when supplying and fitting our new floodlights.

Please see below the testimonial from Barry Yelland, Chairman of Newquay AFC.

*Barrie Yelland said "We are right at the heart of our town's community and the installation of these upgraded lights has been a significant development in the Club's history setting us up for the next stage of our development. In partnership with Sports Lighting we chose and designed the scheme using Philips Metal Halide Luminaires with great warranties, the project was delivered on time and on budget. We have been able to get our team of volunteers up to speed in ensuring safe operation and maintenance of our new system. Our partnership created with the team at Sports Lighting is one we are remarkably proud of and can't recommend their services enough."*

Kind Regards,

Steven Rich  
Secretary  
Newquay Football Club
