Sports Lighting Testimonial

To whom it may concern

We as a club would like to thank Kim & James for the hard work and excellent service, they provided from the initial contact from surveying the site right the way through to the installation date in July 2019.

Their professional conduct is a tribute to them both and great understanding of a product needed for any facility requiring enhanced lighting. The floodlights supplied to Stoke Gabriel FC and has given the club the opportunity to progress and hopefully promotion in years to come.

The after-care service provided by Sports Lighting is second to none, they are there when you need them. We would highly recommend Kim and his company for any installation that any company is looking for.

On behalf of Stoke Gabriel FC and the committee, Players, and supporters a big thank you.

With best regards

Garry Page
