Testimonial for Sports Lighting.

I can absolutely 100% recommend Sports Lighting following their installation of our lighting for us in our indoor equestrian arena. We had looked at different options for our lights, but Kim and his son were by far the most professional and the most prompt and efficient in getting a quote to us.

We were given a date for the work to be done. Kim was very accommodating as we were limited with available dates due to already having clinics booked so had to work around them.

The whole process from start to finish was exactly as Kim had told us it would be. He said the job would be two days, in fact it was a day and a half, but everything was completed perfectly. Attention to detail was second to none, the work was extremely neat and tidy. What's more, they took all the packaging away with them! A small detail but it just all adds up to an extremely efficient and reliable service.

I would be happy to talk with prospective clients and share our excellent experience of Sports Lighting.
